

freeView 2PA

Control **2** computers with **1** Keyboard • Video • Mouse

Desktop KVM Series > freeView 2PA

2-port KVM with connecting cables (PS/2 & Audio)

The freeView 2PA connects two computers and eliminates the need for extra cables and peripherals. This saves the user valuable time, space, power and additional equipment cost.

Controlling 2 PCs/MACs/SUN Microsystems from a single keyboard, mouse, monitor and audio device has never been easier and more convenient. Its keyboard and mouse emulation allow you to simultaneously boot up multiple PCs. On top of all these loaded features, is the hot key and auto scan control keyboard commands which render more user control.

Specifications

Functions

freeView 2PA
